Subject: 2004-53 Community Reinvestment Act

Greensboro Housing Coalition advocates for decent affordable housing, answering calls from 4000 or more households a year about how to access, improve, or avoid losing places to live. We are daily reminded of the need for housing production, financing, and rehabilitation and therefore the need for financial institutions to be required to invest in the communities where they do business. We oppose any changes that would reduce the requirements for Community Reinvestment. Thank you, Beth McKee-Huger Executive Director
